

# IMMEDIATE HOSPITAL DEVELOPMENT OPPORTUNITIES IN HONG KONG AND SOUTH CHINA

4 March 2010  
Boardroom, Kingsgate House,  
Victoria Street, London  
08.00-10.00

Are you aware of the latest cluster of hospital development opportunities available in Hong Kong and South China?

Join a video briefing directly from UK Trade & Investment's (UKTI's) Healthcare Specialists in Hong Kong and South China, outlining the latest Government requests for expressions of interest (EOI), project approvals and opportunities available immediately.

- **Hong Kong Government** has invited EOIs for four private hospitals to meet the future healthcare needs in the Special Administrative Region,
- Chinese Government has approved healthcare projects in Shenzhen with a combined spend of RMB 20bn (£1.8bn) between 2009 and 2011,
- the Guangdong Government will encourage major healthcare investment in private hospitals in the next three years.

Attend this event to receive advice on positioning your company, benefit from current and future cluster opportunities and establish connections with the Trade Officers in Hong Kong and South China with responsibility for the Healthcare Sector.
